

Mizzou K-12

College of Education

University of Missouri

Internship Opportunities

Come work with Mizzou K-12 to develop online curriculum for students around the world and earn graduate credit. Courses have interactive components and utilize best practices for technology integration.

Writing Curriculum

- Develop innovative curriculum for international audience
- Write complete lessons for online environment
- Prepare courses to be delivered through Canvas

Utilizing Technology

- Use industry standard technology to create interactive content
- Develop multi-media content
- Integrate technology effectively

You will have the opportunity to work with teaching and administrative professionals from the Mizzou K-12 organization.

There are lots of opportunities! We will match your skill sets, interests and future goals to the ongoing projects.

Contact Angie Hammons (hammonsa@Missouri.edu) to apply or for more questions.
