

## **Internship Opportunities** **2019-20 Summer, Fall, and Spring Semesters**

Come work with the eMINTS National Center and earn graduate credit by developing online professional development for K12 educators. Courses are delivered via a variety of learning technologies that align to ISTE and iNACOL standards for high-quality online PD.

- Develop high-quality online professional development for K12 educators
- Design and develop interactive learning objects
- Learn and use industry-standard learning technologies to deliver courses (Moodle, Wordpress, and more)
- Apply research-based best practices for adult learning and instructional design

For more information about how we can match an internship opportunity to your interests and skill set, contact Lein Shory ([shoryl@emints.org](mailto:shoryl@emints.org), 573-884-7202)
